### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bruce H. Troxell on 05/27/2005.

The application has been amended as follows:

In the Specification, on page 1, line 11, delete "an" and insert --a-- instead; line 13 delete the two "the"; on page 4, line 23, delete "fro" and insert --for-- instead.

In claim 1, on line 3 (step a.), delete "marks" and insert --mark-- instead; on line 4 (same step a.), delete "the device" and insert --a device on the same surface of the bottom wafer-- instead;

In claim 1, on line 7 (step c.), insert --top-- after "said" and in front of ""wafer";

In claim 1, on line 9 (step d.), insert --said-- after "by" and in front of ""grinding"; on line 13 (the last line of claim 1), delete "conveniently".

Delete claim 5.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: figures 1 and 2 would be designated as prior art. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. Claims 1-4 are allowed.

Art Unit: 2823

4. The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thanh V. Pham whose telephone number is 571-272-1866. The examiner can normally be reached on M-T (6:30-5:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Olik Chaudhuri can be reached on 571-272-1855. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
